Education

Universitas Dian Nuswantoro (UDINUS)

2022–2026

Bachelor of Informatics Engineering, Faculty of Computer Science

GPA: **3.72/4.00**

Experience

Machine Learning Engineering Intern – SPBE Division

Apr 2025 – May 2025

Department of Communication, Informatics, Statistics, and Cryptography of Semarang City

- Developed object detection models using YOLOv8 for computer vision applications.
- Performed dataset preprocessing, annotation, training, and hyperparameter tuning.
- Evaluated model performance using precision, recall, and mAP metrics.
- Prepared technical documentation and presented project results.

Administrative Staff

Aug 2024 – Dec 2024

Nusa Cell

- Managed sales transactions and administrative records accurately.
- Assisted customers professionally and handled inquiries efficiently.
- Monitored inventory and prepared sales reports using Microsoft Excel.

Student Research Team Member

Mar 2024 – Jul 2024

Indonesia Student Creativity Program

- Developed an IoT-based automated irrigation system for smart agriculture.
- Integrated soil moisture and temperature sensors for real-time monitoring.
- Conducted system testing, debugging, optimization, and technical documentation.
- Collaborated with team members throughout development and evaluation.

Skills

Problem Solving, Presentation Skills, Machine Learning, Internet of Things (IoT), Data Science, SQL, Data Analysis, Python, C/C++, Team Management, Microsoft Office.

Certifications

Literasi AI untuk Semua: Kenali, Gunakan, Ciptakan

Nov 2025 – Nov 2030

BASS Training Center & Consultant

Associate Data Scientist (Skema Sertifikasi Ilmuan Data Madya)

Apr 2025 – Apr 2029

Badan Nasional Sertifikasi Profesi (BNSP)

Training

Information and Communication Technology – Career Guidance Workshop (TI-S1)

Dec 2025

Universitas Dian Nuswantoro

Honors & Awards

PKM-PI Funded Project Awardee 2024

Apr 2024

Successfully secured funding under the 2024 Student Creativity Program (PKM) for proposing an innovative IoT-based smart irrigation solution, selected from over 43,000 student teams across Indonesia.
